

## Why Become a CALAFCO Associate Member?

CALAFCO members have many benefits, including being part of an organization that is known and valued throughout the Golden State. Members enjoy access to networking environments such as conferences and workshops, and gain access to educational information that CALAFCO regularly updates to reflect current trends. Augmenting the support of CALAFCO efforts, Associate Members benefit from exposure to the Commissioners and staff of all the member LAFCoS.

As an Associate Member, your support is crucial for enhancing the educational mission of the organization. Businesses, agencies, associations, and others interested in the goals and work of LAFCo value their CALAFCO Associate Membership.

## Membership Highlights

Conferences and workshops provide exceptional educational and networking forums

*The Sphere* keeps members up to date on issues and events

## CALAFCO's Mission

CALAFCO provides educational, information sharing and technical support for its members by serving as a resource for, and by collaborating with, the public, the state government, and other organizations, in order to discourage urban sprawl, preserve open-space and prime agricultural lands, and encourage orderly growth and development of local agencies.

# Associate Membership Opportunity

Advance your business network by joining the state's leading organization for government service area decision makers.

Associate members serve as a resource for assistance with accounting, tech, legal, websites, staffing, municipal service reviews, studies, and training for LAFCoS across the state.

## CALAFCO Associate Membership

Want to be part of the effort to create more sustainable communities? This is the perfect time to become part of an organization that offers education, information and training on more purposeful planning.

CALAFCO, which was created in 1971 as a statewide nonprofit organization, provides educational, technical, and specialized services to all 58 of California's Local Agency Formation Commissions. We focus on issues of urban sprawl, local governance, agricultural and open space preservation, and effective municipal services.

Changes in state law not only altered the role and responsibilities of LAFCo's, but mandated that municipal service reviews and other studies be conducted. As LAFCo's frequently rely on consultants to draft many of these fiscal and policy studies due to limited staff size, our Associate Members play an important role for all LAFCo's and community groups as a resource for assistance with studies and services.

Members gain current and compelling educational information, as well as the benefits of networking environments such as conferences and workshops. Associate membership, which has silver and gold level options, runs for a full year.
