VOTES ON SCAG:  
221 – direct vote of City & County

1 vote each for special districts and LAFCOS on Plans and Programs Technical Advisory Committee

## **What did the LAFCO Service Review in 2009 determine about the City of Adelanto –**

**Its foreclosure rate was approximately 25%; it had not done a comprehensive fiscal analysis for the City as a whole in seven years; it had a wastewater treatment plant that was having difficulty getting a permit to operate; in order to meet bond covenants for water and wastewater it was required to increase rates by 300% over three years, and it owed the County substantial sums of money which it was unable to pay instead incurring ever increasing debt**
